Technology & innovation driven professional with capabilities in executing prestigious projects within strict time schedule; targeting to express potential in Software Development with an esteemed organization.

👤 PROFILE SUMMARY

- Showcasing 3 years of experience in UX Development within the Software Solutions domain.
- Proficient in developing efficient and well-tested code for various software projects, ensuring high quality and performance.
- Recognized for collaborating effectively with team members to identify and resolve software bugs promptly.
- Skilled in developing, testing, and deploying design features in a timely manner, maintaining code integrity.
- Proven track record of enhancing site accessibility through the implementation of React Router for smooth navigation.
- Proficient in providing operational efficiency, performing maintenance & enhancement operations, optimizing code to achieve zero defect delivery.
- Implemented push notifications to enhance user engagement and provide real-time updates, resulting in a significant increase in app retention and interaction
- Expertise in integrating user interface designs with Back-end functionalities seamlessly.
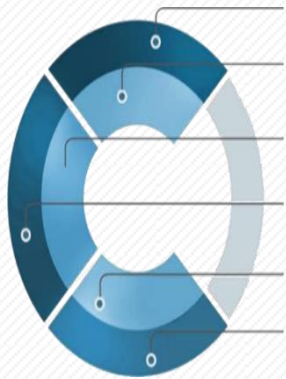

CORE COMPETENCIES

- Software Development Lifecycle
- User Interface Optimization
- Front-end Development
- Agile Methodologies
- Data Analysis & Visualization
- Project Management
- User Experience Design
- Information Architecture
- Quality Assurance

💬 SOFT SKILLS

- Analytical
- Communication
- Collaboration
- Adaptability
- Problem Solving
- Critical Thinking

🎓 EDUCATION

MCA from Online Uttaranchal University, Dehradun | Jul'23 – Present

🏆 CERTIFICATIONS

- React.js Certified from Ejob | Jul'21
- Web Design Certified from Arena Animation | Feb'21

⚙ TECHNICAL SKILLS

- JavaScript | React Js | Redux |Rest API | Typescript | Angular | NGXS | RXJS | Git | HTML | Jira | CSS | NPM | Bitbucket | FCM | SSO |PWA

💼 WORK EXPERIENCE

Mass Software Solutions, Kolkata, West Bengal as UX Developer | Nov'21 – Jul'24

- Developed new, efficient, and well-tested code for a variety of software projects.
- Collaborated closely with team members to identify and resolve software bugs.
- Designed, tested, and deployed features in a timely manner.
- Ensured adherence to DRY principles to maintain code efficiency and eliminate redundancy.
- Enhanced site accessibility by implementing React Router, facilitating smooth navigation and dynamic routing within the application.
- Integrated third-party APIs and libraries into React.js applications, ensuring seamless data flow and functionality.
- Developed Progressive Web Applications (PWAs) to deliver a seamless user experience with offline capabilities and improved performance.
- Implemented Single Sign-On (SSO) solutions to enhance user authentication and streamline access across multiple applications.
- Integrated Firebase Cloud Messaging (FCM) for real-time notifications, enhancing user engagement and application responsiveness.

🪪 PERSONAL DETAILS

Date of Birth: 6th April 2001   **Languages Known: English, Hindi and Bengali**   **Address: Kolkata 700135**
